my Dearest Rene

thank you ever so much for your letter
it was kind of you to write
I'm staying at Hampstead for a few days
it is nice by the sea after a
struggle that was back to Berkeley
I feel about the same - the treatment
tends to make you even more
exhausted than ever — I wish I
felt more sure about it — It's all
very mysterious and I'm not confident
that they really know ~~what's the~~ much

Sent me by Harman - never posted.
Date? Depends on when Jean
& Helen left Hampstead - I
forget but will find out. —
Probably his first crack-up.
